P.S. We left you these clues to help you out because we are feeling nice for once.

1. Stir it up. From a tree. I hide in the place you go to pee.
2. Jump high. Run fast. Take them off and sleep at last.
3. Soft and cuddly. Filled with stuffing. Where you eat, it eats nothing.
4. Bounce and roll. Shoot and kick. Hear the doorbell and run real quick.
5. Scraggled hair made nice and straight. In a dark place where towels might wait.
6. Wheels that roll. Engine screams. The place a teapot likes to steam.
7. Cooking food. Keeps it hot. Hiding in a cloth hanging spot.
8. My stories are told in a place where we like to fold.
9. Get ahead. Up on top. I can be found where the shows don't stop.
10. I have seeds and taste real sweet. I like to live where you wash your feet.
